Summary

B.Voc undergraduate in Software Development and E-Governance with skills in Java (Core & Swing), Kotlin, SQL, HTML, and CSS. Experienced in building desktop and web applications through academic projects. Passionate about Java development, full stack technologies, and software engineering.

Skills

Languages

Java, Python, Kotlin, HTML5, CSS3, XML

Frameworks

Swing, Flutter, JDBC, Numpy

Databases

MySQL, Oracle++

Core CS

Data Structures & Algorithms, OOPs, DBMS, Web Development

Tools

MS Office, GitHub, Linux, IntelliJ, VS Code, Eclipse

Education

B. Voc in Software Development and E-Governance

National PG College | 2024 - 2027

Relevant Coursework: Java , DBMS, Data Structure, Algorithms, RAD(Oracle Apex), Linux, ASP .NET, Linux, Operating System, Computer Network, IOT, Software Engineering

Projects

Pizza Mania

Tech Stack: HTML5, CSS3

- Developed a responsive pizza restaurant website with modern UI design using **HTML5** and **CSS3**.
- Designed clean layouts, navigation sections, and visually appealing components for better user experience.
- Implemented responsive design techniques to support desktop and mobile devices.

Number Game

Tech Stack: Java Swing

- Developed a desktop-based Number Guess Game using **Java Swing**.
- Implemented interactive GUI, move validation, and game logic by generating random numbers.
- Followed **OOP principles** for modular and maintainable code.

ATM Interface

Tech Stack: Java Swing, MySql

- Developed a desktop based ATM interface using **Java Swing and MYSQL**.
- Created an ATM like-look and with proper events and functionalities.

Certifications & Achievements

- Diploma in Computer Application (DCA) — Dr. B. R. Ambedkar Computer Saksharta Mission (2024)
Covered Computer Fundamentals, Operating System, MS Word, MS Excel, PowerPoint, Email & Internet Technology, and Typing Skills.
- The Future of Full Stack Development – Key Skills Needed in 2026
GUVI & HCL | May 2026
- How to start a UI/UX design Career without prior experience
GUVI & HCL | May 2026
